

Slickhorn Canyon Rim Hike – Cedar Mesa – October 9 2017, 7:00

7:30

The drop spot to Perfect Kiva – I had a rope, but ... not sure I could get back out by myself

8:25

The drop spot to Perfect Kiva is straight ahead in that cutout, then down and left. I think.

The route out – head to the moon

9:00

Heading back – out at this point and about a mile around the rim

The in canyon route is through that center, then left at the dryfall to Perfect Kiva

9:31

Heading out of the canyon at 10:30
